**BUILT TO
PERFORM**

REDUCE YOUR STUDENT ATHLETE'S RISK OF SEVERE EYE INJURY TODAY

Sports Frame instead of Everyday Frame

- Each year approximately 600,000 documented sports-related injuries are reported
- More than 42,000 sports-related eye injuries require emergency room attention
- An estimated 13,500 cases result in permanent loss of sight

MOST OF THESE EYE INJURIES ARE PREVENTABLE BUT ONLY IF YOUR ATHLETE IS PROTECTED.

BE A SUCCESS, NOT A STATISTIC.

Your Student Athlete Will Benefit from PROGEAR:

- Ideal protection and comfort
- Dynamic and ergonomic design
- Patented for prescription lenses, wide power range, and wrap-around lenses
- Products certified under these standards are subject to stringent tests of high speed impacts simulated for various sports
- No other sports glasses meet these international requirements.
- Designed in Germany, All PROGEAR EYEGUARD sport eyewear are ASTM F803-03, ANSI Z87.1 (USA), EN 166 (Europe) and JIS T8147.5.1d (Japan) certified for impact resistance

THE TEMPLE VERSION
fits most activities comfortably and safely with no impact on performance.

THE STRAP VERSION
is ideal for optimum fitting under helmets and hats.
